

BackPack Program

The Stavely FCSS is helping coordinate with funding from Royal Purple to create the BackPack Program in hopes of assisting qualifying families meet the cost associated with children returning to school. The cost of children starting or returning to school can cause a financial struggle for many families. The goal of the BackPack Program is to help alleviate this burden, by providing a backpack filled with various school supplies and equipment needed for students returning to school in the Stavely area.

The estimated cost associated with each backpack is \$70.00 – 95.00 (depending on the grade). This amount covers the cost of both the backpack and the supplies. Backpacks will be customized to students

from Kindergarten to Grade 12, containing most of the essential supplies needed for each grade. This program is funded solely through the generous donation from the Stavely Royal Purple. This program does not receive any other financial support.

Program Details:

- The Back to School BackPack Program is income-based; financial eligibility must be proven. See eligibility thresholds below.
- Only residents with children in the Stavely School are eligible.
- School fees are not covered by the program.
